

**IMPERIAL VALLEY SOLAR  
(08-AFC-5C)  
PETITION TO TERMINATE THE ENERGY COMMISSION  
DECISION AND LICENSE**

Amendment Project Manager: Christine Stora  
AUGUST 10, 2011 BUSINESS MEETING

**BACKGROUND**

---

- Originally called the Stirling Energy Systems Solar Two Project, the Imperial Valley Solar Project was licensed on September 29, 2010. To date, the project has not been built.
- Licensed as a nominal 709 megawatt concentrated solar power facility located approximately 100 miles east of San Diego, 14 miles west of El Centro, and 4 miles east of Ocotillo Wells.

**SUMMARY OF PETITION**

---

- The petition request would cancel the Energy Commission Decision and license.

**PUBLIC PROCESS**

---

- The petition to cancel the Energy Commission Decision and license was filed June 30, 2011.
- The Notice of Receipt was mailed to the post-certification mailing list and affected public agencies, and docketed on July 5, 2011. The Notice of Receipt was posted to the California Energy Commission (CEC) Website on July 6, 2011.

**RECOMMENDATION**

---

Staff recommends that this petition to terminate the Energy Commission Decision and license be added to the August 10, 2011 Business Meeting Agenda as a consent item and that no further compliance fees be collected as of June 30, 2011 (the date of the petition).

DATE Jun 30 2011

RECD. Jun 30 2011

Dear Mr. Hoffman,

On September 29, 2010, the California Energy Commission approved Application for Certification 08-AFC-5, originally filed by Stirling Energy Systems Solar Two, LLC ("SES Two"), for the Imperial Valley Solar (IVS) Project. The name of SES Two was changed to Imperial Valley Solar, LLC. AES Solar Power, LLC purchased Imperial Valley Solar, LLC in February 2011 and has determined that it will be changing IVS Project's technology from solar thermal to PV. As a result, we believe that the IVS Project no longer falls within the Commission's permitting jurisdiction on the site intended for the IVS Project. AES Solar therefore requests that the permit to construct the IVS Project be revoked because of the change to PV from solar thermal.

Please call Scott Taylor if you have any questions. As an authorized signer of Imperial Valley Solar, LLC, under penalty of perjury, responsible for overseeing the development of the project, I am signing this letter below approving the revocation of the permit.

Sincerely,

A handwritten signature in black ink that reads "Pat L. Rollin".
